CELEBRATE DIVERSITY

One of the goals of the Monticello Central School District and its Board of Education is to seek, acknowledge and celebrate cultural diversity. To achieve this, the district will be implementing a new initiative titled "Monticello Celebrates Culture & Diversity."

The four-part series is designed to celebrate the diversity of the district as follows:

Black History Month - February
Women's History Month - March
International Month - April
Hispanic Heritage Month - October

This year, the district will participate in the countywide Black History Month program scheduled for March 12 at the Sullivan County Courthouse in Monticello. As part of this celebration, artwork, essays and poems created by students from all of the district schools will be on display. In addition, the Cooke Elementary School Second-Grade Singers will perform at the event.

Everyone is invited and welcome to share in the celebration!

For more information, please contact Monticello Schools Assistant Superintendent for Student Learning Kenneth W. Newman, Sr. at 845-794-7700, ext. 70501.
